

Dear Parents:

With limited space in two sections of each grade level, it has become more difficult to honor parent requests for teacher placement. We are asking for parental input by filling out the profile sheet below to assist your child's current teacher with placement of your child. Your child's existing teacher & grade level teaching team will be making placement decisions based on prayerful consideration of learning styles, personality, and the parent profile input sheet. Thank you for honoring our policy in this manner.

In His service,

Sheryl J. Temple
Headmaster

FOR STUDENT PLACEMENT FOR NEXT YEAR (Entering Grades 1st-5th)

To assist in providing the best possible placement for your child, please complete this form. In determining class lists to provide for a heterogeneous group in each class, the following criteria are used for placement: academic performance, student behavior, work habits, and parental input. **Please do not make requests for specific teachers**, but do give us necessary information that will enable us to make the best placement for your child.
